HIGH PERFORMANCE BRAKING

In the world of motorsports, Ferodo has achieved many outstanding successes. Through Formula 1, endurance racing, rallying, saloons and other circuits, Ferodo brake products have been the choice of champions.

All Ferodo products are completely manufactured in-house, and production is supported by research, development and extensive testing, meaning consumers can benefit from the same quality standards and quality control every time.

SUPERIOR BRAKING POWER FOR HIGH SPEED DRIVING AND WINNING PERFORMANCE

NRS TECHNOLOGY

Ferodo Kart brake pads FDB3003KA, FDB3005KA, FDB3006KA, FDB3007KA, FDB3008KA, FDB3009KA, feature the NRS Technology.

NRS is an innovative patented system to attach the friction material to the backplate, preventing detachments at the bond line.
